

Dear Pastor,

My name is Elizabeth Holowasko; I am a wife, mother and ordained minister, national evangelist with the Pentecostal Church of God and founding President of Heart Reach Ministries.

I am a servant of God who has been given a powerful testimony of life and death and back again. The goal God has given me in ministry is to help heal the broken hearts of all who hurt, young and old, married and unmarried with the help of the anointing of God.. I am grateful for every time I get to share and be used of God to bring new life to those who are in bondage, discouraged and need to be set free.

I also am a singer and writer of beautiful poetry which has been described as coming straight from the throne of God. Each of these gifts when combined with the leading of the Holy Spirit makes for a powerful service that has touched and moved the hearts of many toward God.

Heart Reach has been blessed with excellent references and people who back this ministry to the fullest extent.

I pray that you will feel lead to give me the opportunity and privilege to come to your church and minister to your congregation. I come on a love offering basis and will travel wherever the Lord calls. I have attached a few letters of recommendation, a ministry bio with phone numbers for you to contact and personal information about my self and family.

Thank you for taking your valuable time to read over this information. I pray that the Lord will continue to Bless and to use your Ministry to further his Kingdom. I will look forward in hearing from you.

Sincerely,

Rev. Elizabeth Holowasko
